HIGHLIGHTS

- 🏆 Sun City Bursary Recipient
- 🎮 Published Google Play Game
- 💻 Full-Stack Developer Projects
- 🥇 Eduvos Top Achiever
- 👥 Student Representative

PROFESSIONAL SUMMARY

Computer Science graduate with experience in software development, game development, IT support, and web application development. Skilled in C#, Java, SQL, ASP.NET, TypeScript, Node.js, Docker, and GitHub. Published a mobile game, developed an e-commerce platform, and built a healthcare booking system. Passionate about creating innovative software solutions and delivering business value through technology.

CORE COMPETENCIES

- Software Development
- Full-Stack Development
- Object-Oriented Programming
- Systems Analysis
- Agile Development
- Technical Trouble Shooting
- Problem-Solving
- Application Support
- DB Design

BAKANG RAMADIE

Software Developer, Computer Science Graduate

EDUCATION

Bachelor of Science in Computer Science

Eduvos | 2023 to 2025

Relevant Coursework:

- Software Engineering
- Object-Oriented Programming
- Database Systems
- Data Structures & Algorithms
- Web Development
- Networking
- Systems Analysis & Design

Achievements

- Top Achiever Certificate (2023)
- Published Google Play Game
- Student Representative

National Senior Certificate
Bergsig Academy | 2022

ADDITIONAL INFORMATION

- Willing to relocate
- South African
- References available upon request

LANGUAGES AND FRAMEWORKS

GitHub | Unity | HTML | Node.js | ASP.NET | C# | TypeScript | Java | PHP | Docker | C++ | JavaScript | Firebase | GitHub | Git

DATABASES AND TOOLS

SQL Server | Adobe PhotoShop | phpMyAdmin | Visual Studio | MySQL | Cisco Packet Tracer | Microsoft Office | Monday.com

NETWORKING AND IT SUPPORT

Cisco CLI | Network Config | Performance Optimization | Hardware Diagnosis

PROJECT EXPERIENCE

OLD OREGON PASS | PUBLISHED MOBILE GAME

Technologies: Unity, C#, Android

- Designed and developed a mobile game using Unity Engine and C#.
- Created gameplay mechanics, player controls, user interface systems, and game logic.
- Integrated animations, visual effects, and audio components.
- Successfully published the game on Google Play Store.
- Managed testing, debugging, deployment, and post-release updates.

TREASURE HUB | FULL-STACK E-COMMERCE PLATFORM

Technologies: ASP.NET, C#, HTML, SQL Server, JavaScript, CSS

- Developed a customer-to-customer online marketplace platform.
- Implemented user registration and authentication functionality.
- Built product listing and search capabilities.
- Designed and integrated backend database functionality.
- Applied responsive design principles for improved user experience.

MAYABA CLINIC | FULL-STACK E-COMMERCE PLATFORM

Technologies: ASP.NET, C#, SQL Server, Docker

- Developed a healthcare appointment booking platform.
- Designed and managed databases for patient scheduling and bookings.
- Implemented appointment management and authentication features.
- Improved administrative efficiency through automated booking processes.
- Participated in project planning, development, testing, and deployment activities.

PROFESSIONAL EXPERIENCE

SELF-EMPLOYED GAME DEVELOPER | 2019 - PRESENT

Responsibilities

- Develop original game concepts, mechanics, and gameplay systems.
- Design and implement 2D and 3D game functionality using Unity and C#.
- Build player movement, inventory systems, combat systems, AI, and user interfaces.
- Integrate animations, visual effects, and audio assets.
- Perform testing, debugging, optimization, and release management.

FREELANCE IT TECHNICIAN | 2017 - PRESENT

Responsibilities

- Diagnose and resolve software, hardware, and networking issues.
- Install and configure operating systems and applications.
- Upgrade computer hardware and improve device performance.
- Configure network devices and troubleshoot connectivity issues.
- Provide technical support and maintenance for clients.

BRANTEGY | WEB DEVELOPER FREELANCER | 2026 - PRESENT

Responsibilities

- Design, develop and maintain WordPress websites for clients.
- Customize WordPress themes and plugins to meet business requirements.
- Create responsive, mobile-friendly website layouts.
- Manage website content, updates and performance optimization.
- Troubleshoot website issues and provide technical support.

LEADERSHIP AND EXTRAMURAL ACTIVITIES

STUDENT REPRESENTATIVE | EDUVOS 2023

- Represented students across three academic modules.
- Facilitated communication between students and faculty members.
- Assisted in addressing academic and administrative concerns.

REPRESENTATIVE COUSIL OF LEARNERS |BERGSIG 2022

- Represented learners and contributed to school initiatives.
- Assisted with student engagement activities and events.

CO-FOUNDER AND MEMBER OF BERGSIG ACADEMY IT CLUB

- Helped establish the school's IT Club.
- Promoted technology awareness among students.
- Collaborated on technology-related activities and projects.

Achievements

SUNCITY BURSARY RECIPIENT

- Represented students across three academic modules.
- Facilitated communication between students and faculty members.
- Assisted in addressing academic and administrative concerns.

TOP ACHIEVER CERTIFICATE

- Recognized for outstanding academic performance and distinctions achieved in block modules.
